HOLYLAND MARKETING PVT. LTD

www.holylandgroup.com

About Us

Holyland journey started out as a proprietorship business in **1976** by our founder and current Chairman Shri Vijay Budhraj. We have grown under his visionary leadership from a small trading enterprise that started from the trading hub of Sadar Bazaar, Delhi - 6, transforming today into a marketing and distribution professional organization spread across multiple locations in India.

We incorporated into a private limited business in 1995 as Holyland Marketing Private Limited. Throughout the years, our business and brands have earned an excellent reputation, thanks to our firm commitment towards customer service and consistent quality.

Holyland today markets around 250 products, which are available across the country through more than 3000 channel partners being served from 17 ambient distribution centres across India.

Holyland has been a pioneer that has truly revolutionized the agro-processing and food service industry. We were the first company to effectively implement and encourage product focused manufacturing, instead of city-based factories processing multiple products. Processing food in growing regions leads to better product quality, efficiencies in transportation, and waste management.

Holyland is the pioneer in hedging the crop risk for canned food by establishing a vendor base across the country helping tide over crop risks of and making our products available throughout the year at competitive prices.

We Are One Family

The Holyland family extends well beyond its offices and warehouses. It comprises over 3000 distributors and dealers who have been the ambassadors of Golden Crown quality.

Over 100 agro-processing units that have passionately dedicated themselves to service quality products under the Golden Crown brand for decades.

Professional chefs and food service institutions that have consistently placed their faith and loyalty towards the brand, making Golden Crown one of the leading brands in the HoReCa / food service.

Farmers who have tirelessly tilled this holy soil, which forms the essence of the Golden Crown products. Also, our strong fleet of logistic service partners and transporters.

We at Holyland express our deepest gratitude to our business partners for making Golden Crown a Crown jewel of the processed food sector.

We invite you to join the Holyland family and be a part of our long-standing tradition of working with integrity, quality, and passion.

Team Holyland.
